## **[HBP Surgery Week 2023] Request to inform your society members about HBP Surgery Week 2023**

Dear Prof. Hiroto Egawa,

On behalf of the Organizing Committee, we are very pleased to announce that the HBP Surgery Week 2023 & 58th Annual Congress of the Korean Association of HBP Surgery will be held from March 23 to 25, 2023, at BEXCO, Busan, Korea.

Under the theme of "Sailing Toward a New Horizon in HBP Surgery," HBP Surgery Week 2023 will be filled with an enriching program that provides great opportunities for all participants to present and share the most up-to-date research by HBP Surgery experts from all over the world.

Over the past three years, we have not been able to meet in person due to the unprecedented outbreak of COVID-19 around the world. After a very difficult period for global health and peace, we look forward to welcoming your society members hopefully in-person in Busan, Korea next year to continue learning, make new friends and strengthen our bonds of collegiality.
